*“Our program of recovery was adapted from the program developed by Alcoholics Anonymous in 1935. We apply the Twelve Steps as done in A>A. (although we are not affiliated with Alcoholic Anonymous) which involves one heroin addict helping another to achieve freedom from their heroin addiction.”*

*“In our fellowship, you will see one heroin addict helping another, freely passing on their experience to the next person which is desperately searching for an answer to their own heroin addiction.”*

**Everyone is welcome at our meetings. It is not important how you choose to identify yourself or your problem. What is important is that you join us in finding a common solution to our common problem.**
